1 I write to state that Draft rules and byelaws for the levy of Octroi were submitted to Government after observing all the formalities prescribed under the various sections of the Mysore City Municipality Act and also after calling for objections from the public As no objections and suggestions were received the Municipal Council confirmed the Draft rules & byelaw and Government were also pleased to approve the same in their Order No 12991-94/CM-126-55-125 d/11-12-56

2 When the above said byelaws and rules approved by Government were finally published in the Mysore Gazette dated 10/1/57 as contemplated in Section 67 of the Act intimating the public that the Octr would be imposed with effect from 28-1-1957 objections were ther received requesting for abolition of the tax and some for reducing the rates on some articles on the ground that the rates already approved were very heavy

3 A statement of the rates approved by the Government compared with that prevailing in Mysore & Davanagere is enclosed It can be seen from the above said comparative statement that the rate in respect of many items agree with that existing either in Davanagere or Mysore City Municipalities except on the following

a) Name of Article	Rate in other City Municipalities	Rate approved in this Municipality

2 Jaggery	0-2-0 ,,	0-1-0 ,,

As regards their request for abolition for the tax it is belated and is not tenable

5 I request that in view of the facts stated above the reduction in Octroi in three items as noted in para 4 above may be approved The rate of Octroi after reduction on the above three items will be as follows
